

## **Assertive Community Treatment Team (ACT)**

The ACT Team provides a community based mental health service for individuals who experience mental illness and have related high and complex needs.

The ACT Team is comprised of registered health professionals (occupational therapy, social work, nursing, psychology, medical) who provide an assertive and intensive level of community mental health care and treatment to support individuals to live successfully in the community.

The ACT team provides a service seven days a week between the hours of 8am to 4.30pm, with limited evening on-call Monday to Friday.

For further information please phone a member of the ACT Team on (07) 834 6902 during the hours of 8am to 4.30pm, Monday to Friday.
